President Stone Addressed the Assemblage, Saying that He Hoped for a Splendid Victory.

INDIANA'S BIG DEMONSTRATION

STUDENTS WILL PARADE THE IN-DIANAPOLIS STREETS.

Both Teams Have Been Selected for the Contest-Improvement Reported by Cutts and Horne.

Special to the Indianapolis Journal. LAFAYETTE, Ind., Oct. 29 .- Purdue students held a monster mass meeting in the old chapel to-night displaying more enthuslasm than has been seen here for years. For an hour the 1,300 students practiced yelling and singing football songs, directed by cheer leaders appointed by the various classes. President Stone addressed the assemblage, saying that he hoped for a splendid victory. Coach Cutts, President Grant, of the atheletic association, Manager Leslie and several members of the faculty and the 'varsity squad made short talks and were heartily cheered.

Slips on which were printed the words of the new songs were distributed and the chorus was strong. After the cheer drill nearly \$100 was raised by subscription to pay the expenses of the student band that will accompany the rooters and help make a noise. Thirty-three musicians will be en and special space has been reserved for them. To-morrow night an immense bonfire will be built on Stuart Field, where an open-air mass meeting will be held.

The team practiced hard this afternoon and its work was satisfactory to the After making many shifts and changes in the last few days Coach Cutts now believes that he has the fastest combination that has this season represented the university and it is not probable that any further changes will be made before the Indiana game. Cutts announced to-day that ex-Captain Leslie probably would play full back Saturday, as he has been playing in fine form for the past few days and does not seem to be bothered by his injured knee. Leslie's return to the game has increased the feeling of confidence among the students and the 1,200 rooters will go down to Indianapolis expecting a hard-fought contest, but one in which Purdue will repeat her last year's victory over the State University eleven. Nearly 1,100 tickets to the game have already been sold here and more than that number will be disposed of before the train starts Saturday. Enthusiasm is growing at Purdue and scarcely anything is talked about on the campus but Saturday's game. The condition of the Purdue team is being much discussed and the general feeling is that Cutts has worked wonders in the eleven in the past two or three days. Cutts last night again hustled the squad out to the prairie west of the campus, where he drilled the men for nearly three ours in starting and forming interference. The line-up was practically the same as the night before, but the work of the team was a great improvement. Knapp and Osborne were played at halves and Johnton . was at quarter. Captain Osborne seems to do better work at half than at | That ever came over to wallop I. U. quarter back and Cutts probably will play im in his new position in the Indiana came. Osborne's speed is valuable and at puarter he does not have the opportunity to advance the ball that he does at half ek position. Knapp, Leslie and Osborne ike a fast back field that will be hard to hold. The 'varsity played as follows: Right end, D. Long; right tackle, Allen; right guard, Riebel; center, Smith; left ruard, Long; left tackle, MacManus; left d. Thomas; quarter, Johnston and Mills; ft half back, Osborne; right half back, canpp; full back, Leslie. This combination probably will play against Indiana, out there are several substitutes who will to in before the game is over. Mowry, mmerman, Hamilton, Adams, F. Miller, owell. Holter and many others will be on he side lines. Cutts said to-day that he was very much pleased with the improved work of the team. Last night before practice the twenty-three members of the first squad were photographed. These are the en who will be taken to Indianapolis. they include besides the 'varsity men and ubstitutes named, Powell, Whitehead, Pence, Mills and Wright.

BLOOMINGTON, Ind., Oct. 29.-Not only in university circles, but throughout the city the contest on the gridiron with Purdue at Indianapolis Saturday is the important topic of discussion. It is estimated now that almost as many citizens as students will attend the game. The special train will leave here over the Monon at 8:15 Saturday morning, and, returning, will leave Indianapolis at 11:15 that night. The engine and cars will be decorated in the crimson and white of Indiana, and there will be yell leaders and a megaphone brigade. As soon as the inion Station is reached a procession will be formed that will make itself heard in Indianapolis. Meetings are being held here every afternoon and at night getting up the lasm. The team holds secret practice all afternoon, guarded, that none can oberve the signals and squad work. WRENN ON NEW RULES.

If our men show the new football rules and the umpire in the spirit and form that they have shown November number of The World To don't November number of The World To-day,

"In the interest of honest umpiring I might

add that the dropping of the rule which prevented tackling below the knees is good, as all obsolete rules should be eradicated in orspirit they are in shape to put up a great | der to make it possible for the officials to interpret the rules literally. Too great stress cannot be laid on this last point, because I orrow, accompanied by Coach Horne and | believe that the literal interpretation of the rules by the officials, especially the umpire, is going to have more to do with the future The trouble in the past has been that a general question has existed in the minds not not only of the umpires but of the coaches themselves as to whether the umpire should use his discretion in many cases in the enforcement of rules; the idea being that the game would be marred by the great number of penalties which would be inflicted. Some even argue that if the rules were literally enforced, there would scarcely be a play completed without the umpire blowing his whistle. Judging from my personal experience, this is absurd, as it is simply a question of coaching and training the player to observe the rules. No such leniency is shown in any other line of sport. If the players are taught that an infringement of the rules is as great a fault as missing a tackle in the open field, they soon learn to observe the

Notre Dame's Goal Was in Danger at One Time-Shaughnessy Made Seventy-Five-Yard Run.

Special to the Indianapolis Journal. NOTRE DAME, Ind., Oct. 29.-Notre Dame clearly outclassed the Physicians and Surgeons on Carter Field to-day, running away with the visitors until the last of the second half. The final score was 46 to 0. Then the Chicago team braced up and by Ash's hurdling and Wagner's guard back play, hammered the line down to the five-yard line. Notre Dame made a stand and in the fiercest playing seen on the local gridiron this season brought the ball out of danger. Salmon's line-plunging and the runs of Lonergan and Nyerer were features of the game. Shaughnessy's seventyfive-yard run for a touchdown was a spectacular play, while Beacom, Furlong and Cullinan did fine work in the line. Line-up: Position. Notre Dame. Lingham ..... Left end .. There is likely to be a six-round bout at Chicago in the near future between Tommy | 1:0814 Ryan and Jack Root. Tony Drew, the Italian heavyweight, has started training for the winter season and wants to meet any man in the business. Joe Grim, Kid Carter or Jack O'Brien preferred.

A proposed match game for the women's bowling championship between Mrs. Kessel and Mrs. Elseman, of Brooklyn, and Mrs. Brucker and Mrs. Gardner, of Chicago, is creating interest. He Tried to Lower His World's Record of 1:37 2-5-Paced by Two Runners-St. Louis Results.

CINCINNATI, Oct. 29.—Dick Welles, carrying 107 pounds, ridden by Tommy Knight, made the circuit of the Latonia track this afternoon in 1:28, clipping one and threequarters seconds off the record for this course. The weather conditions were almost perfect for a record-breaking performance, but the track is a slow one at its best and was a trifle dusty. The trial was the fourth event on the card and was billed as an effort to break the world's record of 1:37 2-5, which is held by Dick Welles. He was sent away by starter Holtman to a running start and was accompanied by Bardolph for the first fiveeighths of the journey. The quarter was made in :23 4-5 and the half in :48. # RECORD OF CONTESTS

INDIANA FORMERLY WAS NOT IN SAME CLASS WITH PURDUE.

In the Past Four Years the State University Team Has Won Three of

the Four Big Games.

PURDUE'S WEIGHT ADVANTAGE

FIGURES SHOW AN AVERAGE OF

NINE POUNDS MORE TO A MAN.

Indiana Is Especially Light Back of the Line-Many State Players Members of Both Elevens.

It is only in the past five years that Purdue and Indiana have been on equal footing in gridiron contests. Prior to that time the State University team was considered in a class below that of Purdue and the games were nothing more than practice contests. But during the past five years Indiana has developed to such an extent that the crimson and white eleven has been a prominent factor in State championship contests and has held a good place among the "Big Nine" teams of the West. In the past four years Indiana has won three of the four games. Purdue last fall making a stand to balance accounts when the black and old gold won by the decisive score of 30 to 0. Prior to five years ago Indiana showed little development in football while Purdue was recognized as one of the strongest teams in the West, a reputation made by the old gold and black as far back as 1892, when Purdue beat all the big Western

A record of the games played by the two teams is of interest just before the big game to-morrow-a game that has excited more interest in the State than any previous battle between Indiana teams. The

Purdue-Indiana scores follow: 1891-Purdue, 60; Indiana, 0. 1892-Purdue, 60; Indiana, 6. 1893-Purdue, 64; Indiana, 6. 1894-Purdue, 6; Indiana, 0. 1895-No game. 1896-No game.

1897-Purdue, 20; Indiana, 6. 1893-Purdue, 14: Indiana, 0. 1899-Indiana, 17; Purdue, 5. 1900-Indiana, 24; Purdue, 5. 1901-Indiana, 11; Purdue, 6. 1902-Purdue, 39; Indiana, 0.

Indiana's first victory over Purdue was in 1899 and since that time the most bitter rivalry has existed between the two universities The game is of great interest to Indiana people not only because it is for the State championship and because the two prin-

cipal universities of the State are represented, but because there are a number of Indiana players on both teams. The Indiana team largely is made up of young men who reside in the State, while on the Purdue team there are a number of young Hoosiers. Among the Indiana men on the Purque team are Leslie, of West Lafayette; Riebel, of Indianapolis; Thomas, of Marion Adams, of Crawfordsville; Johnson, Evansville; Knapp, of Evansville; Sim Miller, of Nineveh, and Smith of Lafayette. Purdue will go into the game to-morrow with a team average of 175 10-11 pounds and Indiana an average of 166 8-11. Purdue having the advantage of about nine pounds to man. Purdue's line will average 185 6-7, and Indiana's line 175; Purdue's backs will average 1581/2 and Indiana's 149. In figuring the averages of Indiana, the weights of the players in the line-up published to-day are used. In figuring Purdue's average the weights of Leslie. borne, Mowrey and Johnson are used for those back of the line as it is believed those men will start the game in the positions given, and in the line the weight of Pence is used.

No Change in Contract.

In a letter to the Journal Charles B. Stout, manager of the Earlham football team.

"Through some misunderstanding th statement was made in the Journal that Wabash did not wish to pay Earlham's expenses to Crawfordsville. The contract for this game was made last winter and no changes have been made since. It is true that we asked to have the game played in Richmond, since the Wabash claims that they will loose money by bring-

## ing us to Crawfordsville." SIR THOMAS WITHDRAWS

JEFFRIES, IGNORES GRIM. Thinks It Would Be Safer for the

Philadelphian to Stay Away. Joe Grim is in New York trying to get on a go with Jim Jeffries. The champion, when notified of Grim's intention, had the following to say: "I don't know much about Grim, but I guess he is all right. But before he wants to fight me he must show something better than standing boxers off for six rounds. Then, again, I don't think that I could gain anything if I fought him. You see, I weigh too much, and if anything happened I would be blamed. Let Grim stay in his class; that's the best ad-

vice I can give him." 1. B. L. Games To-Night.
